2015 Message from the Chair

Valerie Mosley Chairperson

For more than 16 years, Women's Housing Ltd (WHL) has focused on providing affordable, safe and secure housing in Victoria for women (and their children) in need.

Over this time, the organisation has developed substantial resources and expertise to continue to meet its mission of helping those who would not otherwise have access to one of life's most fundamental needs – housing.

Domestic and family violence continues to be the major driver of homelessness and escaping violence is the most common reason provided by people who seek help from specialist homelessness services. Without a safe place to call home, no victim of family violence can hope to rebuild her life, or the lives of her children. So while support and justice initiatives are clearly essential, housing must be the other central plank in any successful response.

For this reason, Women's Housing welcomed the *Victorian Royal Commission into Family Violence* and provided a submission outlining the issues we considered of vital importance in relation to the role played by housing. In particular, we advised that housing in a variety of tenures (crisis, transitional and long-term) will be essential if we are to provide these most vulnerable citizens with real options for escape from violence and pathways to a better future.

Victoria, with its rich history of innovative social housing, has a portfolio of proven housing options that provide a robust foundation for expansion of the supply. Some options for consideration include:

- Capital funding of purpose-built, safe community housing;
- Stock transfer of public housing targeted at women escaping family violence; and
- Housing estate renewal.

On behalf of our tenants, we appreciated the opportunity to participate in this vital initiative and look forward to its findings.

Progress Made During 2014–15

Another exciting development in the affordable housing landscape for Women's Housing was the successful achievement of planning permission for the proposed Bradley Street, Newport development.

I would particularly like to thank our legal representatives for their unparalleled professional support in this matter. The team was led by Michelle Quigley, QC and supported by Marita Foley, Of Counsel along with Michelle Keen, Katie Pryor and Breigh Smith from Herbert Smith Freehills Solicitors. Their invaluable pro bono work will result in the creation of much needed affordable housing for women in the metropolitan Melbourne area.

In the coming year, WHL will continue to focus on:

- Growing affordable housing by development of appropriate new projects, such as a major new facility at Newport;
- Positioning the organisation to receive as appropriate stock transfers from Government to grow its asset base;
- Continuing to provide transitional housing to those most in need;
- Building its relationship with the Victorian and wider philanthropic community;
- Investigating new opportunities for fund raising activities to support future growth;
- Continuing to provide operationally efficient support services that meet the varied needs of its clients.

We recognise that the best housing programs also link women to support services, including education and employment services, which can help them rebuild their lives and enhance their social and economic participation. Our organisation has continued to ensure that it remains fully integrated with other support networks for the benefit of the people we assist.

Our support work is provided through vital partnerships and relationships with the Victorian State Government, our lenders, our advisors, and our volunteers. We continue to work together to support community housing.

Thanks

I would like to thank our Chief Executive Officer, Judy Line, our Chief Financial Officer, Adrian McKenzie, and our Operations Manager, Lindy Parker, for their leadership and dedication throughout a busy and demanding year. I also wish to thank the tireless staff at Women's Housing for its commitment and professionalism in directing the organisation's resources towards those who need it most.

On behalf of the board, many thanks to each of you. We recognise that the work you do can be both challenging and frustrating at times, but also makes a significant impact on the lives of so many.

I would also like to acknowledge the significant contribution of my fellow board members, in particular, the Audit and Financial Risk Management Committee, which has undertaken important governance work over the course of this year.

A special thanks to Don Farrands, who retired from the board, for bringing together a group of professionals who have steered the organisation in a commercial direction for a sustainable future. We appreciate his valuable contribution.

Our Capacity and Commitment

Revenue was in excess of \$4.2m for the year ending 30 June 2015, and we now have an asset base of housing facilities valued at \$34M.

Today we are the lead agency in the provision of femalespecific housing (and the delivery of aligned services) including:

- The management of 96 WHL-owned dwellings;
- The operation of eight rooming houses and twelve detached units (200 tenancies) under lease from the Department of Human Services; and
- The operation of 108 dwellings and associated homelessness services under the Transitional Housing Program agreement with the Department of Human Services.

With our strong board and staff, the ongoing support of stakeholders and the cooperation of our partners, we will continue to strive to provide vulnerable women and children with affordable and secure housing and a stepping stone to a happier, more sustainable future.

Chief Executive Officer Report

Judy Line Chief Executive Officer

In 2015, WHL reviewed its operations and organisational structure and signed the General Lease (replaces the Housing Provider Framework Lease).

Our key achievements this year:

- Housed over 500 women and children in a mix of Transitional and Community Housing;
- Assisted 10 families in finding long-term stable accommodation;
- Provided financial assistance to 655 women experiencing a housing crisis;
- Assisted 102 women exiting prison in securing accommodation;
- Submitted a planning application to replace the seven aged units at Bradley Street Newport with 21 new apartments;
- Reviewed all WHL policies and procedures;
- Conducted an organisational review.

Transitional Housing and Women's Services

This year the women's services team assisted 655 women with Housing Establishment Funds (HEF), the average payment being \$338. In the Transitional Housing Program (THM), the average length of stay increased slightly from 18.05 months to 18.76 months which is reflective of the difficult private rental market and lack of affordable housing options.

Community Housing and Rooming House

WHL housed 390 tenants this year. Once again, this is reflective of the lack of affordable housing choices, particularly for low income single women and men. We expect this trend to continue while rents remain high and vacancies low in the private rental market.

NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED 30 JUNE 2015

Note 1: Summary of Significant Accounting Policies

Basis of Preparation

The company applies Australian Accounting Standards – Reduced Disclosure Requirements as set out in AASB 1053: Application of Tiers of Australian Accounting Standards and AASB 2010–2: Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements.

The financial statements are general purpose financial statements that have been prepared in accordance with the requirements of *Australian Charities and Not-for-Profits Commission Act 2012*, Australian Accounting Standards – Reduced Disclosure Requirements of the Australian Accounting Standards Board. The company is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless otherwise stated.

The financial report is prepared on a going concern basis despite current liabilities exceeding current assets by \$365,186. The shortfall is primarily due to employee benefits and loan repayments which will be due progressively through the next financial year. These will be funded through ongoing operational cash flow and monthly contracted government funding. This will provide adequate assurance of the company's status as a going concern and ability to pay debts as they fall due.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

The financial statements were authorised for issue on 20 October 2015 by the directors of the company.

The accounting policies adopted are consistent with those of the previous financial year

(b) Valuation Basis

The company obtains independent valuations for its investment properties at least bi-annually. At the end of each reporting period the directors update their assessment of the fair value of each property, taking into account the most recent independent valuations. The directors determine a property's value within a range of reasonable fair value estimates.

The best evidence of fair value is current prices in an active market for similar investment properties. Where such information is not available the directors consider information from a variety of sources including:

- (i) current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences;
- (ii) capitalised income projections based upon a property's net market income and a capitalisation rate derived from an analysis of market evidence.

At the end of the reporting period the key assumptions used by the directors in determining the fair value were in the following ranges for the company's portfolio of properties:

	2015	2014
Capitalisation Rate	4.5-6.4%	4.5-6.4%
Expected Vacancy Rate	0-1%	0-1%

Note 4: Investment Properties (Continued)

All of the above key assumptions have been taken from the last independent valuation report for the assets in the portfolio.

(c) Security Interest

The Director of Housing has registered his interest on the title of all of the company's properties. A registration of the Director's interest under the provisions of the *Housing Act 1983* has the effect of preventing dealings in the title without the consent of the Director of Housing. The registration of the Director's interest does not prevent the asset from being used as mortgage security against borrowings.

(d) Secured Liabilities and Assets Pledged as Security

Security is held for the bank loans as detailed in note 5. These loans are secured by first mortgages over all the investment properties excluding the Werribee and Newport properties.

The Bank loans total consists of:

- (a) MECU Loan \$2,656,787
- (b) Bendigo Bank Loan \$ 1,334,720

The bank loans are both long-term facilities with both having repayments schedules going out to September 2023 for the Bendigo bank loan and March 2032 for the MECU Loan.

Financing Arrangements

The company has fully utilised all financing facilities with the bank loans detailed in the note. The only unused facility is a \$209,000 overdraft facility through the MECU Bank which the company has not utilised.

Assets Pledged as Security

MECU holds a registered 1st mortgage over the Bentleigh property which is valued at \$18,220,000.

Bendigo Bank holds registered 1st mortgages over the Meadow Heights and Bayswater properties which have a combined value of \$11,550,000.

No other assets are pledged as security.

Note 6: Events after the Reporting Period

In September 2015 the company received approval of a grant for \$5.5m from the Victorian Property Fund for the redevelopment of the Bradley Street, Newport site. Construction of this site will occur in the 2016/17 financial year. The directors are not aware of any other significant events that have occurred since the end of the reporting period.

The concise financial report and the audited financial report do not reflect the effects of events that occurred subsequent to the date of the auditor's report on the audited financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

We confirm the independence declaration required by the *Australian Charities and Not-for-profits Commissions Act 2012* which has been given to the directors of Women's Housing Limited would be in the same terms if given to the director's as at the time of this auditor's report.
