# 2017 Message from the Chair

Valerie Mosley Chair

As we celebrate our 20th year of operation, Women's Housing Ltd (WHL) remains committed to meeting the challenge of providing affordable, safe and secure housing in Victoria for vulnerable women (and their children). This anniversary year has seen a renewed energy across the organisation and we are excited about the prospect of continuing to grow the supply of affordable housing.

In 2016-17, housing affordability finally hit the headlines as an issue for the whole of Victoria, not just our tenants. Recognising this need is only the first step in a long journey towards housing security for all and we commend the State Government for reopening the conversation about housing, particularly, through the release of the Victorian Government's *Homes for Victorians* strategy.

As always, WHL's interest is in women and children and a key focus for us this year has been on helping Government deliver on the 227 recommendations arising from the *Royal Commission into Family Violence*, including building more houses for women escaping family violence.

The organisation was successful in attracting funding for a number of exciting new projects, including \$1.8M from the Department of Health and Human Services (DHHS) funded *Family Violence Housing Blitz* to purchase new properties to house women escaping family violence. This project will be home to 24 mostly young women and their children who plan to live there for the long term.

Over the coming year, WHL will vigorously pursue further growth through self-funded projects, asset transfer, capital funding, management leasing and other opportunities and partnerships available to us as the "go to" provider for housing for women.

WHL experienced an extraordinary record of sustainable growth in a relatively short period of time, growing from an asset base of only \$300K (with no owned property) in 2008 to a projected property portfolio of \$52M by 2020 when our Bayswater development is completed.

### **Our Capacity and Commitment**

Today, WHL is the lead agency in the provision of female specific housing (and the delivery of aligned services). Our property portfolio includes:

### **Property Developments**

- 89 units owned
- 20 units under construction
- 6 units under contract
- Site purchased at Bayswater (seeking planning for 24 units)

### General Lease Properties

■ 168 tenancies under management (when Ascot Vale is completed)

### Transitional Housing Management Properties

■ 108 properties under management

### Thanks

WHL is lucky enough to have many partners who support its work and I'd like to acknowledge the importance of our relationships with the Victorian State Government, lenders, support service partners, advisors and volunteers. It's heartening to see so many continuing to work together to support community housing.

I would particularly like to thank our Chief Executive Officer, Judy Line, for her leadership as well as her involvement with the Family Violence Task Force where she is helping shape the future of how we, as a community, address this vital issue.

On behalf of the Board, I would like to express our appreciation to our Chief Financial Officer, Adrian McKenzie, Operations Manager, Lindy Parker and all the staff who work so tirelessly to help those in need.

Finally, thank you to my fellow Directors: Andrew Cronin, Erica Edmands, Peggy O'Neal and Michael Barlow for your leadership, support and commitment to WHL. Your individual and collective contributions are much appreciated.

With the support of our Board and staff, stakeholders and partners, we look forward to the next 20 years providing women and children with affordable and secure housing as a stepping stone to a happier, more sustainable future.

Valerie Mosley Chair

### **Overview**

WHL has a strong and proven record of sustainable growth moving from total assets of \$300K in 2008 with a projection of \$53.4M in 2020 (when our Bayswater development is completed). Over this time, the organisation has also matured its capabilities, enhancing staff numbers and augmenting existing organisational expertise in line with the increasing number of tenants and housing assets. Systems (IT, risk management, organisational planning, finance and asset management) have also been enhanced to manage increasing operational complexities and ensure robust governance.

The following sections provide an outline of WHL's key projects and operations.

### **Key Projects**

#### Newport

WHL is nearing the completion of 20 apartments in Newport. When completed, this project will be home to 20 women and children who plan to live there for the long term. Many will be families who have escaped family violence and were living in women's refuges. Others are older (over 55) and living in their cars or couch surfing with friends.

We took ownership of the property in 2010 and undertook a detailed asset review of the existing seven townhouses that had been built in the late 1980s. It was determined that the properties were in poor condition and that the cost of repairs would have been more expensive than the value of the property, i.e., an over capitalisation.

We are grateful to the Victorian Property Fund for their valuable \$5.8M contribution to this project.

#### Bayswater

In 2017, WHL purchased a block of land from the City of Knox. The site is well located near schools, public transport, employment opportunities and shopping centres.

In August 2017, DHHS funded WHL \$5.06M to construct 24 new apartments on the site and Safe Futures \$161,250 (over 2 years) to employ a specialist family violence worker.

When completed, WHL, with its family and domestic violence partners, Safe Futures, Martina Georgina, Emerge and Kara House will house and support 24 women and their children who are escaping family violence.

WHL commends DHHS for funding this innovative project.

### **Key Results**

### Family Violence Housing Blitz

We submitted an expression of interest to purchase new properties to house women escaping family violence under the DHHS funded Family Violence Housing Blitz. The EOI was successful in attracting an offer of \$1.8M.

WHL contracted Porter Davis to deliver six properties. Families housed under this initiative came directly from women's refuges and transitional housing. Our first family, a woman with six children aged from six months to 11 years of age, took up residence in June 2017.

WHL is particularly grateful to Porter Davis for delivering these properties on time and within budget which was a fabulous achievement in the current development environment.

### Transitional Housing and Women's Services

This year the women's services team helped 511 women with Housing Establishment Funds (HEF) the average payment being \$400.43. In the Transitional Housing Program (THM), the average length of stay remained the same at 19.3 months, which reflects the difficult private rental market and the continued lack of affordable housing options.
